- **Techo-Bloc**, 2012-2013, Installation SRM, p4000, ds3524
- **Fonds de Solidarité de la FTQ**, 2013, Complete project plan and migration document for a Notes to hybrid Exchange
- **Transcontinental**, 2012, VMWare vs Solaris vs AIX architectural analysis for Oracle DBs
- **Ville de Repentigny**, 2011-2012, Design and installation VMware, v7000
- **Pharmascience**, 2011-2012, Automatic databases provisioning with Powershell and MSSQL
- **Garda**, 2012, Installation BladeCenter, SAN, v7000
- **Jewish General Hospital**, 2011-2012, Installation IPv6 sous RedHat, New datacenter hardware plan

---

<b>Téléfilm Canada</b>	<b>Systems Administrator</b>	<b>2007-2010</b>
------------------------	------------------------------	------------------

Management of 80 servers (Win2k3-2k8, SUSE, Solaris, ESX 3-4)

Overview of the work of 4 level 1-2 technicians

Optimize and secure the environment (Win, \*nix, Apache, IIS, Oracle, Cognos)

Physical to Virtual complete overhaul to Vmware and an Equallogic SAN

Assist in the Win2000 to Vista desktop migration (SCCM)

Livelink maintenance and migration

Enterprise Vault design and implementation

Oracle server administration (basic DBA)

DR plan design and annual testing

Netbackup management

Exchange migrations and design

Blackberry ES design and installation

---

<b>Nexweb Solutions Internet</b>	<b>Systems Administrator</b>	<b>2005-2007</b>
----------------------------------	------------------------------	------------------

90 servers web server farms (Ubuntu, Solaris, OpenBSD, qMail, MySQL)

Local network management (Win2003, Samba, OSx)

ArcServe management

---

<b>Les Entreprises Prodsac Inc.</b>	<b>President</b>	<b>2000-2010</b>
-------------------------------------	------------------	------------------

*30 to 250 employees*

100 Dell servers (CentOS, Ubuntu, Apache, MySQL)

Barracuda Load Balancer

Sharepoint and Alfresco management

Postfix email servers

Bind servers for 200+ domains

Red5 proof of concept and load balanced installation

Write technical article on different webzine and blogs

---

## Formation et Certifications

---

<b>VMware</b>	<b>VMWARE vExpert</b>	<b>2016 - 2017</b>
---------------	-----------------------	--------------------

Honorary title given by Vmware for my work as a consultant and blogger.

---

<b>VMware</b>	<b>VMWARE Certified Implementation Expert 6– Datacenter Virtualization</b>	<b>2016</b>
---------------	--	-------------

(june 2017) - VCIX6-DCV

---

<b>VMware</b>	<b>VMWARE Certified Advanced Professional – Datacenter Administration</b>	<b>2015</b>
